Dear Mr. McCain,

My name is Marc Sheahin and I am a contractor with the EPA. I am contacting you in regards to your submissions in support of the product A20903A (EPA Reg. Number: 100-RLIT). We have found a deficiency with the submission that will need to be addressed:

1. There is one inert ingredient on your Confidential Statement of Formula that is not found in the EPA database. You may remove this inert or provide a letter from the supplier (sent to me). Please refer to the attached inert status clearance form for more information.

Please send the necessary documents by Nov 26 so that we may further process your submission. After that date, you may send your documents to the PM for further review. If you have any questions, please do not hesitate to contact me.

Best,

Marc Sheahin
